Grammar

Разбираем фразу главной героини:

I'm seeing some places over lunch.

Я посмотрю несколько мест за обедом.

В данное предложение мы используем время Present Continuous (Настоящее длительное).

Чаще всего мы употребляем Present Continuous, когда описываем события, которые происходят прямо сейчас (now, at the moment).

Например:

- **I'm learning English now.**

Я учу английский сейчас.

Но у этого времени есть еще одно значение: договоренности в будущем. Если вы заранее с кем-то договорились, это ваши 100% планы, то вы можете использовать для этих целей Present Continuous. Точно также, как и в этом фильме.

Примеры:

- **I'm seeing my friend tomorrow.**
Я встречусь с другом завтра
- **They are coming to our house on Saturday.**
Они придут к нам домой в субботу.
- **What are you doing tonight?**
Что мы будем делать сегодня вечером?
